

Redevelopment of Surrey County Hall and the Bittoms Car Park

November 2020

Overview of the Proposals

The diagram shows an overview of the proposals across the County Hall and Bittoms site. The scheme will be heritage-led and deliver the following:

- Approaching 500 new residential units
- A new publicly accessible flexible use for the historic 1893 element of County Hall
- Purpose built office space at the lower podium level of the new Bittoms development
- Active retail / commercial space at street level along Oaklea Passage
- A suitable amount of dedicated parking

Project Benefits

There are a wide range of benefits that this project can deliver and the bullet points below are just a handful of the positive outcomes of this development:

-  Providing much-needed new homes
-  The maximum viable affordable housing provision
-  7,500 sqm of commercial employment space
-  A vastly improved public realm
-  Safeguarding the long-term future the historic elements of County Hall
